EXPERIENCE

Incoming Discovery Intern <i>Microsoft</i>	Redmond, WA <i>Jul 2026 – Aug 2026</i>
Computer Lab Assistant <i>Bellevue College</i>	Bellevue, WA <i>Sep 2025 – Present</i>
- Streamlined lab operations by conducting weekly audits of computing equipment and supplies, resulting in a 30% reduction in downtime and ensuring 100% availability of resources for over 20,000 students. - Delivered comprehensive technical support to an average of 150 students per week, successfully resolving over 85% of software issues on first contact and contributing to a significant increase in user satisfaction ratings.	
Changemakers in Computing Mentee <i>UW Paul G. Allen School of Computer Science & Engineering</i>	Seattle, WA <i>Jul 2025 – Aug 2025</i>
- Collaborated with a 6-person team to design and prototype a website and mobile app model addressing societal challenges, delivering a professional pitch to a Microsoft judge panel. - Applied technical skills in Python, JavaScript, HTML, CSS, and Figma to build interactive prototypes, improving technical efficiency through iterative feedback.	
Pre-Apprenticeship in Software Development <i>Computing For All</i>	Redmond, WA <i>Jan 2025 – Jun 2025</i>
- Built 3+ projects in a 5-person peer group, contributing to product specifications, Figma designs, and implementation through collaborative reviews. - Completed 100+ hours of coursework in Python, JavaScript, HTML, CSS, and Figma, evaluated by industry professionals. - Applied Agile methodologies and Git version control to strengthen software development fundamentals.	

ADDITIONAL EXPERIENCE

CE&S Summer Camp Participant <i>Microsoft</i>	Redmond, WA <i>Aug 2025</i>
- Developed professional skills in resume building, interviewing, and career exploration through workshops led by Microsoft employees. - Networked with 50+ professionals across CE&S, Xbox, Azure, and AI/Copilot, gaining insights into diverse career paths and roles.	
Lead Social Media Manager <i>Tamkeen Youth</i>	Kirkland, WA <i>May 2022 – Present</i>
- Led weekly meetings to track project progress, resolve challenges, and align team efforts across multiple initiatives. - Managed video editing, flyer design, and event promotion, enhancing outreach and event attendance by 45%. - Mentored team members, fostering collaboration and critical thinking in a fast-paced volunteer environment.
